

Kana Pipeline uses Safety Mojo to improve safety and lower insurance premiums.

Since implementing Safety Mojo, Kana Pipeline has saved over \$200,000 per year in Workers' Compensation insurance premiums for four consecutive years.

AT A GLANCE:

**3**

Companies

300+

Employees

RESULTS:

-22%Reduction in
EMOD that led to:**\$1,721**Workers' comp savings
per employee per year**\$1M+**Overall insurance
savings

OBJECTIVE

- Reduce incidents and build a culture of safety.
- Lower EMR to reduce insurance premiums.
- Become an industry safety leader.

RESULTS

- 22% decrease in EMOD since implementing Safety Mojo.
- \$1,721 savings in Workers' Comp premiums per employee per year.
- Over \$1 million in overall insurance savings.
- Better positioned to attract talent and win additional work.

SOLUTION

- Adopt Safety Mojo as an easy-to-use safety program software for both in-field workers and executive team.
- Use Safety Mojo to push safety as a more integral part of the culture.
- Get better accountability and tracking to ensure consistent behaviors across the organization.

“

Safety Mojo is the best safety management software I've seen. It's simple and easy for our guys on the ground to use, and it shows our executive team exactly where we are.”

Enrique Miranda
Director, Health & Safety
